Man Arrested on Charge of Robbing Several Residences Denies Knowledge of the Crimes, Although He Is Recognized by Amedee B. Cole and Allan T. West, Who Declare They Saw Him in Their Homes and Remove Articles of Clothing, Silverware and Other

Chicago crooks, who are charged with breaking into the homes of Thomas H. West,
Amedee B. Cole and Duncan M. Kehlor.

Amadee B. Cole, president of the John Jackson Investment Company, yesterday morning identified John Conway, who was arrested Tuesday night, as the burglar who entered his home about ten days ago and stole property valued at about \$100.

That the Cole home at No. 3705 Lindell boulevard had been entered by burglars was not generally known until yesterday morning, when Mr. Cole arrived at the Four Courts. The police had a report on the burglary, but suppressed it.

Mr. Cole looked at Conway for several

minutes before speaking. "I believe he is the man, but would like to hear his voice," he said to Chief Desmond, Conway was induced to talk by the Chief and Mr. Cole declared that he was certain

"It was about midnight, on August 10, when I was awakened by the rattle of sil-

He made some reply, I cannot remember just what it was, but I heard his voice disgled to hold him until assistance should come. He proved too strong for me, however, and got away. He ran to a window

Hardly had the mother reached the other side of the street when she heard a childish voice calling to her and then a terrific clanging of a street-car bell.

She turned just in time to see a north-bound car, in charge of Motorman Jesse McGrath, bear down upon the little one. When the body was taken from under the trucks life was extinct, and it was found that nearly every bone in the body had heen broken.

Witnesses say that the car was running at a high rate of speed, and that the child ran in front of it before the motorman had time to throw the fender or apply the brakes. ran away." .
Chief Desmond began to question Conway about the burglary. Conway was arrested at No. 1635 Washington avenue with Ida Bauer, alias Anderson, Tuesday night. A trunk found in the room was taken to the Four Courts. In it were two silk skirts, large number of silver articles, including silver-backed hair and clothes brushes,

ilver cups and many silver trinkets, These articles, together with a pair of gray trousers, which were taken by the burglar, were on Chief Desmond's desk and Mr. Cole identified them.

He was searched, but nothing was taken from him.

Samuel Ketcher, who keeps a secondhand store at No. 25 Morgan street, identified Kennedy as one of the three men who tried to rob him while he was standing in the doorway in front of his store. The approach of several policemen, he said, caused the robbers to run before they got his money or valuables.

Policeman Bloecher and Private Watchman Ryan had been informed of the robbers and attempted robberies, and were searching for the highwaymen when they saw three men step from an alley and confront a white man, whose name they did not obtain. They hastened toward them and the robbers ran. The policeman and watchman drew their revolvers and fired at the feeling men.

The chase was kept up until Eleventh and Wash streets was reached. Here Kennedy was captured. He resisted arrest, and the

policeman and watchman beat him with their pistols until he gave up.
Barthold saw Kennedy at the Four Courts yesterday and identified him as one of the men who robbed him. Barthold swore out a warrant charging Kennedy with robbery in the first degree, and Ketcher obtained one charging the prisoner with attempted robbery.

Mrs. William Niederluecke Appears After Cash Drawer Is Robbed, but in Time to Prevent Search of

Mrs. William Niederluecke of No. 1901 Montgomery street prevented her husband being robbed of more than \$100 by two men who entered the saloon and grocery Tuesday night, but was not quick enough to keep them from stealing \$7 which he had in the cash drawer.

The men entered the saloon and asked for two glasses of beer. Niederluecke stepped behind the bar to draw the beer for them. Turning with the two glasses in his hand he saw both men pointing re volvers at his head,

"Now drop that stuff in a hurry and keep quiet," ordered one of the robbers as b valked toward the end of the bar. Niederluecke had more than \$100 in his pocket and knew that the cash drawer contained only a few dollars. He thought quickly and mapped out a plan of action. The smaller man covered her with his pistol and ordered her to keep quiet. Mrs. Niederluecke declined to do anything of the kind. She shouted lustily for help.

The robbers were frightened and ran from the saloon, with the \$7 taken from the cash drawer. Niederluecke, his wife and three boys, pursued them half a block, but gave up the chase when one of the robbers turned and fired a shot at them.

Visiting Merchants Make Things Lively During Four-Hour Trip on the City of Providence.

Women buyers continued to predominate in the millinery district yesterday, but the interesting topic among the merchants was the steamboat excursion arranged by Eu-gene Lewis of the Hargadine-McKittrick Dry Goods Company for the Texas customers on Tuesday night.

A. O. The Texas merchants thought they had seen rivers, they thought they had seen rivers, they thought they knew all about having a good time, but from the moment the City of Providence left the wharf at 8 o'clock until it returned at 1:30 there had not been anything since the Robert E. THE SALESWOMAN

Compelled to Be on Her Feet the Larger Part of the Day Finds a Tonic in Pe-ru-na.

Miss NELLIE CURTAIN, 646 Pearl street, St. Paul, Minn., head sales-woman in a department store, writes:

"I have charge of a department in a dry goods store, and after standing the larger part of the day, I would go home with a dull ache, generally through my entire body. I used Peruna and feel so much better that I walk to and from the store now. I know Peruna to be the best medicine on the market for the disea es peculiar to women."
MISS NELLIE CURTAIN.

Nothing is so weakening to the human sys-tem as the constant loss of mucus. Catarr-hal inflammation of the mucous membran-

produces an excessive formation of mucus. Whether the mucous membrane be located in the head or peivic organs, the discharge of mucus is sure to occur.

This discharge of mucus constitutes a weakening drain; the system cannot long withstand the loss of mucus, hence it is that women afflicted with catarrhal affections of the peivic organs feel tired and languid, with weak back and throbbing brain. A course of Peruna is sure to restore health by cutting off the weakening drain of the daily loss of mucus.

An Admirable Tonic.

Congressman Mark H. Dunnell, National Hotel, Washington, D. C., writes:

"Your Peruna being used by myself and many of my friends and acquaintances not only as a cure for catarrh, but also as an admirable tonic for physical recuperation, I gladly recommend it to all persons requiring such remedies."—Mark H. Dunnell.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. gratis.

4 points in active shares, while the decline from the high prices of yesterday is from 5 to 6 points in such stocks as Amalgamated Copper, St. Paul and Rock Island, which have been consplictuously active as leaders off the hull side.

The change in sentiment was the result of profit-taking by those who have bought stocks since the low point of August 16 and by the withdrawal of support by some of the leading pools. This is especially true in the case of Rock Island common, a stock in which a large short interest existed and in which manipulation played an important part in the recent advance of over ten points.

The professional element, which has been hadly whipped on the rise in stocks, attempted to even up matters to-day and sold with a boldness that has not been shown in some time.

The closing prices were practically at the lowest of the day. The transactions amounted to about 90,000 shares.
